

PXS120

Portable Solar Panel

120W

Solar panel power	120W
Min. output voltage	5V
Max. output voltage	12V
Voltage at max. power	19V±5%
Current at max. power	6.32A±5%
Voltage at open-circuit	24V±5%
Short-circuit	≥6.9A
Power tolerance	±5%
Cell efficiency	≥21%
Solar cell type	Monocrystalline silicon
No. of terminals	3
No. of bypass	1
No. of cells	4
Installation type	Portable, foldable
Connector type	USB
Stackable	Yes
Twilight sensor	No
Product color	Black
Housing material	Fabric
Frame	No
Tiltable	Yes
Water-resistant	Yes
Anti-reflective coating	Yes
Fire-resistant	No
Integrated cables	Yes
No. of USB ports	2
Compatible products	USB & DC devices
Operating temperature	-10° - 65°C
Plug & play	Yes
Certification	CE, RoHS, FCC
Country of origin	China

Part no. **PX-120WSP**

While on the road, vacation or when simply trying to conserve power, the Proxtend 120W solar panel can reliably power and charge small electronic devices, anywhere sunshine is available.
